Koodjul Miyal Virtual Stereo Exhibition

2026 Catalogue of Results

Karrinyup, Western Australia (Careniup - "the place where bush kangaroos graze")

"We acknowledge the traditional owners of the land on which this virtual exhibition is based, the Whadjuk people of the Noongar nation and pay our respects to elders past and present. It is a privilege to be hosting this exhibition from Karrinyup. Noongar people have lived in the south-west of Western Australia for more than 45,000 years. Sovereignty has never been ceded. It always was and always will be, Aboriginal land."

The Koodjul Miyal (Two Eyes) Virtual Stereo Exhibition is an International Competition for Real Digital Stereoscopic Photographers held during Makuru (June - July) of each year hosted by the Western Australian 3D Club from Karrinyup, Western Australia (Careniup - "the place where bush kangaroos graze").

2026 Koodjul Miyal Catalogue of Entries – Altered Reality/Creative Section

Altered Reality/Creative Definition Colour or Monochrome

An "Altered Reality/Creative" image may include those made in camera or in post processing to express an artistic vision, tell a story, or evoke emotions. It's about experimenting, pushing boundaries, and finding new ways to see and represent the world. Images use elements like shape, colour, texture, and form to create images that may not be immediately recognizable as representing anything in the real world.

A “Scape” is a landscape, seascape, or cityscape. Landscape/Seascape is defined as: A photograph featuring a broad view of the natural scenery of the terrain or the sea, or that includes both. A tree (or trees), people, boats or buildings may be included but should not dominate the picture. Cityscape is defined as: A photograph that depicts the built form and shape of a city or town (or one of its parts) through general or broad views of buildings and/or streets. Architectural detail images of one (or more) buildings are not considered cityscapes.
